

Call for the application of students and professors from the Polytechnic University of Bragança to the "IMFAHE's Plataform of Talent"

What is it?

A call to participate in an **Innovation Network** that promotes the interaction of selected students and professors with **international professionals affiliated with top international universities and organizations**, such as Harvard University, MIT, Princeton, and Google, among many others.

Opportunities

Those selected will have the opportunity to interact with other members of the network through the **"IMFAHE Connects"** platform, to participate as entrepreneurs in IMFAHE meetings, in the **"IMFAHE Nodal Award-Global Entrepreneurship Competition"** ideas competition and in the **"IMFAHE International Innovation Camp 2027"**.

Students:

- Assigned **mentor** with an international experience through the **"International Mentor Program (IMP)"**.
- Participate in **three online quarter courses**.
- Possibility of winning the Portugal Global Fellowship and the Women in STEM **scholarship to carry out professional internships at internationally renowned centers, such as Harvard or MIT**.

Professors:

- Receive training from the "International Professional Development Program for Professors (IPDP)", such as open science, online teaching techniques, and how to finance research projects.
- Participate in **networking activities** (Peer Mentoring Circles) to promote collaborations.

Who can apply?

Students (in the final year of bachelor, master, or PhD student carrying out the doctoral work on UPB premises) and **Professors** of the Polytechnic University of Bragança in **Biomedicine and Engineering**.

What do you need to apply?

- **Students:** Curriculum vitae; Student Motivation Form; Proof of English Level (B1 or higher.)
- **Professors:** Curriculum vitae.

Submit your application here.

From October 06, 2026 until October 25, 2026
